Businesses rely on TMCC's Safety Center to meet OSHA, EPA and DOT regulations

Since 1987, **TMCC's Safety Center** has trained more than 60,000 government and industry employees across the United States.

Flexible, Customized Training

TMCC's Safety Center doesn't say "no." Need training for the graveyard shift on a Sunday? Want training held at your facility? We pride ourselves on our adaptability to help you meet your goals. Training can be

- offered 24 hours a day, seven days a week
- at your workplace, the field or a TMCC facility
- customized to your facility, equipment, product, employees
- held in a multiple languages

TMCC is in the trenches with you

TMCC's specialty is offering the relevant safety training your employees need to stay effective and efficient at work. Our staff and instructors are real-world trained specialists who have worked in the field and know the realities of safety.

Relevant instruction

Training must engage students, teach relevant information and help a business meet its bottom line. All of **TMCC's Safety Center** instructors have real-world expertise and are seasoned trainers. In addition, many are OSHA authorized and EPA certified and have experience with government agencies such as Homeland Security and FEMA.

Customer satisfaction

"The **TMCC Safety Center** has been providing Bureau of Land Management employees with quality training for many years. The training is tailored specifically to our needs and the staff is enthusiastic and energetic," said David B. Griggs, retired state safety manager, Nevada State Office of the Bureau of Land Management.

The bottom line:

TMCC stands behind our training—we guarantee to meet your needs. We promise a competitive price. Bring us any legitimate contract offer and we will beat that price by 10 percent.

Services to help you fulfill your safety goals

TMCC offers a wide-range of instruction and services. And, if you don't see the type of program you would like us to offer, just let us know and we will design it for you.

- Employee, management, train-the-trainer programs
- Site audits to identify safety and compliance violations
- Accident investigations by a neutral party
- Safety programs created and written for your specific needs
- Speaker's bureau
- Regularly scheduled safety courses open to the public

TMCC can customize training to meet your business' goals—whether it is teaching English or Excel

Since 1987, TMCC has created customized training programs for businesses of all types. Whether your business centers around distribution, manufacturing, construction or customer service, our highly qualified staff can work with you to provide

- an assessment of what content your employees need to learn,
- customized training to help your business meet its specific goals and
- a relevant curriculum, expert instructors and training facilities.

For general customized training, call Deb O'Gorman at 824-3811.
