Summer Synergy Summit

Committee: The committee members Johanna, Tommie and Ben need more people to help with the following: coordination, reaching out with speakers, activities, day of hosts, and opinions and voices in decision making. This is one of the first real events coming back to campus!

Where are we now? The next committee meeting is Wednesday, April 21 in LC 106 on the first floor or via Zoom. The last summit overlapped with the Classified Council’s Symposium. They are not doing a symposium this year.

Event restrictions/parameters: Forecasting for July with potential for 100% capacity with no distancing. Masks will likely be required.

Professional Development Days

The call for Fall Professional Development Days is going out soon. The deadline is mid-May.

Return to Campus Items

The committee discussed the following items: resolution update, UNLV policy, and working from home during snow days. It was also noted 70% of students are part-time, so most students do not spend their time on campus. Pre-Covid, the policy stated there was an expectation to work from home, but post-Covid with a flexible work schedule, you may be required to work from home.

As of July 1, hoping for guidance from state for parents with children in school system (if remote). Because of legal and legislation, the NSHE policy may take time to be created, and may result in each institution making its own policy.
