- CIT 134: Beginning C# Programming

Motion: Lisa Buehler

Second: Staci Miller

Passed unanimously

Non-consent items:

Revisions

- BIOL 190A: Introduction to Cell and Molecular Biology
- BIOL 190L: Introduction to Cell and Molecular Biology Lab

Motion: Staci Miller

Second: Molly Maynard

Passed unanimously

Informational Items:

Chair Katie Kolbet thanked Julia Bledsoe for her service to the committee. Julia is retiring this year and this is her last CRC meeting. Congratulations Julia!

The committee agreed to continue holding meetings virtually.

The committee reviewed and discussed the WICHE Passport Quantitative Literacy Learning Outcomes and what the process will be for review. When the outcomes are changed does the committee want to bring the courses through the submission

process? Suggestions received were to do a prerequisite update and create a subcommittee for quantitative reasoning which will also serve as a framework for how diversity courses will be reviewed. The committee liked the idea of a subcommittee and the following people volunteered to serve: Martha, Paula, Cynthia, Tara, and Rossitza.

New Business:

Melissa Deadmond reported an audit was recently done at the NSHE level in the database for degrees and certificates. There were some discrepancies found between what was approved at BOR and what TMCC awards. Melissa wanted to give a "heads up" that the committee will see some degrees put back through to achieve alignment.

The schedule of submission deadlines and CRC meeting dates was reviewed and will be posted to the TMCC website soon.

Meeting Adjourned: 9:23 am
