CIM Revisions based on new GELOs

Katie is proposing to update CIM to relate to the newly approved GELOs and continue to update as more GELOs are approved. The committee discussed how to give access to faculty and where the GELOs can be found on the TMCC website. Katie also mentioned to contact Jinger Doe if you are interested in joining the Critical Thinking Taskforce. The CRC will vote to make changes in CIM at the October meeting. Any changes will be made in June.

Heads-up: Internships

Sidney will be working with the committee and departments to make internships more consistent across the system. The committee will discuss at the next meeting credit-to-hour ratio, how courses are displayed, and how to get faculty to coordinate with Sidney.
